

# SCIENCEEXPRESSION

5-6 October 2022

CICA. A Coruña, Spain

Attendance certificate for students

## *Converting EVs in nanomedicine: control of gene expression and protein function*

### ORGANIZERS AND SCIENTIFIC COMMITTEE

**María D. Mayán**

*Institute for Biomedical  
Research of A Coruña (INIBIC),  
XXIAC-SERGAS, Spain*

**Elena Pazos**

*Department of Chemistry and  
Advanced Scientific Research Centre  
(CICA), University of A Coruña, Spain*

**Manuel Becerra Fernández**

*Department of Biology and  
Advanced Scientific Research Centre  
(CICA), University of A Coruña, Spain*

Please check the **website** for updated information about the program: <http://scienceexpression.com>

The aim of this conference is to promote the interaction and interdisciplinary collaboration in order to advance **exosomes or extracellular vesicles (EVs), connexins and pannexins and control of gene expression in tissue regeneration and cancer and to explore the use of EVs in clinical settings**. This conference is an excellent opportunity to interact and discuss multiple aspects of the field.

#### *Keynote speakers:*

**Clotilde Thery** Institut Curie, France, **Marta Monguió** Institut del Cor del Germans Trias I Pujol, Spain, **Vanessa Álvarez** School of Life Sciences - University of Dundee, UK, **Héctor Peinado** Spanish National Cancer Research Centre, Spain, **Iria Gómez Touriño** Center for Research in Molecular Medicine and Chronic Diseases, Spain, **Elena Pazos** Advanced Scientific Research Centre, Spain, **Mariona Baliu** Galaria, Spain, **María D. Mayán** INIBIC, Spain, **Vanessa Valdiglesias** UDC, Spain, **Abi Vázquez** DIVERSA, Spain
